***Election/Restrictions***

Newly submitted claims 15-37 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the method steps do not require the particulars of the apparatus as originally set forth and may be practiced by an apparatus materially different from that which was examined in the first Office action.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 15-37 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The reply filed on March 27, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): all claims are withdrawn from consideration for the reasons set forth above. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

It is noted that filing of an RCE may not alleviate this issue since a shift in inventions is generally not permitted by matter of right in an RCE. Such a shift in inventions may be made when filing a Continuation application.
